The traditional 100% paper cushioned mailer

Tough, reusable, recyclable, 100% paper padded bag

Mail Lite® Padded Bags

Tough, reusable, recyclable, 100% paper padded bag provides all-purpose product protection

Mail Lite® Padded Bags provide outstanding protection for a wide variety of products.

All sizes available with convenient self-seal closure.

Convenient tear tape for simple, clean opening.

Ideal replacement for corrugated cartons.

Mail Lite® Padded Bags are the proven, traditional standard for rugged, all-purpose mailing protection. They are the toughest, most durable paper fibre cushioned mailers on the market.

Mail Lite® Padded Bags are also economical, easy to use and environmentally responsible.

- **Outstanding product protection**

Heavy duty kraft with inner lining provides maximum cushioning protection throughout the shipping cycle.

- **Added security**

Double fold corners and double glued bottom flap afford additional edge protection, overall bag strength and safety.

- **Saves labour**

Smooth inner lining allows easy product insertion. Pre-scored top flap makes closure more efficient.

- **Self seal closure**

All Mail Lite® Padded Bags have a self seal strip on the top flap. Simply slide the item into the bag, remove the release tape and fold over the flap to make a permanent seal. Ideal for saving time in a busy packing department or post room.

- **Environmentally responsible**

Made from 77% recycled paper fibres Mail Lite® Padded Bags are reusable and recyclable.

- **Quality appearance**

Attractive bronze-gold colour presents a high quality image of your company.

- **Customer friendly**

Convenient tear tape facilitates easy opening.

- **Replaces corrugated boxes**

Faster to use because fewer packing steps are required. Simply slide the item into the mailer and seal. Eliminates need for voidfill. Saves material costs and valuable warehouse space for improved overall packing efficiency.
